

# Same Day Injection Program for Qualified Commercially Insured Patients

## Program Overview

In addition to our belief in the strong clinical story of ZILRETTA® (triamcinolone acetonide extended-release injectable suspension), Flexion believes that patients with commercially managed plans, including Medicare Advantage, should have access to same-day administration, just like your Medicare FFS patients.

We have created a Same Day Injection Program for patients with qualified commercial health plans and an appropriate, documented ICD diagnosis to receive ZILRETTA the same day as their appointment.

Flexion is confident that based on our past experience, these qualified health plans cover ZILRETTA and have no steps or requirements that would interfere with same-day injections. For example, the health plan does not require a patient to document prior use of another therapy before receiving ZILRETTA, nor does it require prior authorization for ZILRETTA.

If you have patients who are members of a health plan on our qualified list, Flexion honors coverage without requiring a FlexForward benefits investigation for those patients. If a claim for ZILRETTA administered to a patient in a qualified health plan comes back denied (provided the patient had the appropriate, documented ICD diagnosis), Flexion will replace that kit. We want you to feel confident treating these patients on their first visit (see full program requirements and steps on the reverse side).

# Same Day Injection Program for Qualified Commercially Insured Patients

## Here's How It Works:

Select the specific diagnosis code for ZILRETTA® (triamcinolone acetonide extended-release injectable suspension).

### ICD-10-CM Codes<sup>1</sup>

M17.0	M17.31
M17.11	M17.32
M17.12	M17.4
M17.2	M17.5

ICD-10-CM, International Classification of Diseases, 10th Revision, Clinical Modification.

Patient's health plan is on the qualified list

- Current approved list is located on [zpayerlist.com](http://zpayerlist.com)
- Username is zpayerlist (all lowercase)
- Password will be provided by your Flexion representative

Patient is a candidate for a ZILRETTA injection

DO NOT COMPLETE A BENEFITS INVESTIGATION OR PRIOR AUTHORIZATION FORM

Patient is injected with ZILRETTA

Submit insurance claim post injection

### If the claim is denied (not rejected due to coding/billing errors), follow these steps:

- Do NOT appeal the denied claim
- Send redacted (without patient information) EOB and denial letter to [flexforward@flexiontherapeutics.com](mailto:flexforward@flexiontherapeutics.com)
- If approved, you will receive a replacement kit
- Your replacement kit can be used and billed to any patient with the appropriate, documented ICD diagnosis (same as purchased product)
